Subject: SitRep input regarding Hurricane Harvey Recovery Efforts - September 13, 2017

The following information is provided to update the SitRep regarding Hurricane Harvey recovery efforts:

- On 9/13/17, EPA coordinated meeting with TWDB, FEMA and COE at the JFO to discuss SRF bridge/match funding for impacted communities. Meeting was very positive. FEMA will get back to the group very soon on several issues, including adequacy of TWDB's State Environmental Review Process. All Agencies are committed to expedite resolution and streamline processes.
- HHS is collecting any health-related documents being distributed in the field. Documents should be sent to HSS-Recovery_Coordination@hhs.gov
- Governor is expected to visit the JFO Thursday or Friday.
- EPA was notified this morning that Recovery Mission Assignment has been put on hold for a few days.
- EPA Region 6 representative at the JFO plans to return to Dallas Thursday afternoon.

Next update expected September 14, 2017.

Please let me know if you have questions.

Thanks.

Patty
